# Coffee Lectures
The 17th Series
Tuesday, Wednesday, Thursday, 13:00, HCI G2

Tuesday, 2.4.2019
Dimensions – one more literature database (No. 63)

Dimensions is the new kid on the block - a free alternative to Scopus and Web of Science. We will give you a brief demo and show some of the possibilities and limitations.
Presenter: Dr. Leo Betschart

Import Coffee Lectures directly into your calendar

Wednesday, 3.4.2019
Basics in design in just 10 minutes (No. 25)

There are many ways to communicate textual and visual information. However, if you stick with the basic principles of typography and design, your text, brochure, flyer or poster will not only get noticed more than others but will be also more easily read.
Presenter: Dr. Oliver Renn

Thursday, 4.4.2019
DETHERM – more than 11 million properties (No. 64)

The DETHERM database contains phase equilibrium data, thermodynamic and transport properties, critical data, surface tensions as well as electrolyte data of 60'000 pure compounds and 160'000 mixtures.
Presenter: Dr. Jozica Dolenc

Grow and complete your collection of Coffee Lecture Collector's Cards!

Tuesday, 9.4.2019
Cytoscape: Analyze and visualize complex networks (No. 65)

Originally designed for the visualization of molecular interaction networks and biological pathways, Cytoscape is now a general platform for a user-friendly analysis of complex networks.
Presenter: Dr. Joachim Schnabl

Wednesday, 10.4.2019
BrowZine (No. 33)

Do you want to read your favorite papers and browse all journals you like in one place? BrowZine lets you collect and share all your articles on your phone, tablet, or computer. Never download PDFs from publishers' websites again.
Presenter: Dr. Joachim Schnabl

Thursday, 11.4.2019
EndNote: The most important functionalities (No. 10)

Reference management software can save a lot of time. Literature management with EndNote is more than just plugging references into a text.
Presenter: Dr. Jozica Dolenc

Tuesday, 16.4.2019
eresearchcenter – a new portal for standards (No. 50)

You need a DIN standard? At ETH Zurich, standards are now available via the platform eresearchcenter, which also contains the metadata from the Perinorm database. A direct access to Perinorm is no longer possible.
Presenter: Dr. Jozica Dolenc

Wednesday, 17.4.2019
Google Trends (No. 9)

You would like to know what others are looking for, what is a trend or could be one? Using Google Trends you can at least estimate what others are interested in.
Presenter: Dr. Oliver Renn

Thursday, 18.4.2019
Visualizing networks with VOSViewer (No. 66)

Do you want to find the key paper that holds a field together or papers that are highly relevant across disciplines? Create a visual connection network of papers and gain new insights.
Presenter: Dr. Leo Betschart
