### Wednesday, 18.11.2020

#### KnowItAll: A brand new interface for the spectra database (No. 6)

You are searching for the IR spectrum of your compound? Would you like to identify your <sup>1</sup>H NMR spectrum using chemical shifts? Learn about the new KnowItAll.

Presenter: Dr. Leo Betschart

### Thursday, 19.11.2020

#### Twitter for science? (No. 59)

An increasing number of researchers is using Twitter to communicate their research output, connect and exchange with others, and to learn about the latest news in their field.

What do you need to know?

Presenter: Dr. Oliver Renn

collection of Coffee Lecture  
Collector's Cards!

### Tuesday, 24.11.2020

#### DETERM – more than 11.9 million thermophysical properties (No. 64)

With 11.9 million data sets on 75,000 pure compounds and 245,000 mixtures, DETERM is an invaluable resource of phase equilibrium data, thermodynamic and transport properties, electrolyte data, and much more.

Presenter: Dr. Jozica Dolenc

### Wednesday, 25.11.2020

#### What's new in the latest ChemDraw 20? (No. 49)

We will show you ChemDraw's latest 3D drawing features and introduce you to the new ChemOffice+, which helps to keep track of cdx files and structures in MS Office files.

Presenter: Dr. Leo Betschart

### Thursday, 26.11.2020

#### BrowZine – the mobile App (No. 33)

Do you want to read your favorite papers and browse all journals you like in one place?

BrowZine lets you collect and share all your articles on your phone, tablet, or computer.

Never download PDFs from publishers' websites again.

Presenter: Dr. Oliver Renn

### Tuesday, 1.12.2019

#### 3D images with PyMOL in publication quality (No. 54)

With PyMOL you can create stunning 3D images of biomolecules. We show you how to make and export these graphics in no time for your publications, posters, and presentations.

Presenter: Dr. Dennis Özcelik

### Wednesday, 2.12.2020

#### Dark Patterns (No. 7)

Have you heard of dark patterns? No? Maybe you should have. Dark patterns are user interfaces that are carefully crafted to trick people. And they are everywhere.

Presenter: Dr. Dennis Özcelik

### Thursday, 3.12.2020

#### ASM Alloy Phase Diagram Database (No. 36)

Explore, search and view more than 40,300 binary and ternary phase diagrams from over 9,000 inorganic systems along with their associated crystal, reaction and bibliographic data. Tools for comparing and exporting of data are also available.

Presenter: Dr. Jozica Dolenc
