

A webinar for ETH Zurich

Get to know PubPharm

Presenters

Dr. Christina Draheim, Hermann Kroll, Stefan Wulle
Fachinformationsdienst Pharmazie, TU Braunschweig

April 5, 2022, 17:15–18:00

<https://webconf.tu-bs.de/ste-p43-tdk>

No registration required

PubPharm is a freely accessible, drug-centered search engine for pharmaceutical sciences with more than 55 million references. Beside text-based search, PubPharm allows comprehensive structure searching as well as innovative AI-based searches, e.g., interactive drug-disease-networks and suggestion lists of related, context-similar drugs/bioactive compounds and diseases/symptoms.
